Pizza Soul was born out of the thinking that great pizza is like a symphony for your taste buds and great music is like food for the soul. There are many different styles, and something for everyone. It's our desire to combine these two art forms by bringing the highest-quality New York style pizza and ingredients, homemade cheese and sauce blends, to the Green Mountains of Vermont. Jason Lerner is Chef/Owner and the Heart & Soul of Pizza Soul. Try one of his appetizing, chart-topping creations that will surely hit the high notes.

Hand-crafted, gourmet pizza and more like nowhere else.
